On Track Team News

We have 2 new items in our office area that you may like to come and look at. Mrs Johnson and Mr Telfer moved the trophy cabinet from our hall to our office. It is so lovely to look at these special awards that sparkle and shine in there.

Mrs Johnson and Mrs Arnold hung up the gorgeous Korowai/Maori cloak that Mrs Tootill gifted us at the end of last year.

It looks and feels beautiful.

Staff Star Award:

For being an amazing Teacher aide in Room 7 when not even rostered in there.

Kia Ora,

What an amazing start to our term.

We began by having the New Zealand Youth Pipe Band play for us on our first day back. Luckily the day was sunny and we could sit outside, otherwise our ears may have been ringing for some time, and the young man who threw the mace in the air would not have been able to throw it so high. Our children loved this performance especially when they got to have a go on the instruments. They were so respectful and well mannered. UROCK.

We then had our Mihi Whakatau for Mrs. Bennett and all our new children in our hall. Matua Shane supported us with this, and again the hui was great and the children were lovely.

What then topped off the start of this term were the many well wishes, cards, hugs, dances and celebrations both myself and Mrs. Arnold received on 'National Principals Day'.

Receiving this aroha and acknowledgement was amazing, and a true reflection of the values and morals that are being taught and fostered at home. Thank you to all our whanau.

At the end of last term, we had a special Anzac Assembly that also showcased the children and staff's high level of respect and thoughtfulness. I was incredibly proud of everyone. Have a look in our hall at our display that shows 'We Will Remember Them', and also ask your children about the learning they did last term based around Anzac. Below is one example of a piece of writing from one of our Year 4 students Le' Shaye Coker.

The ANZAC Puppy

This story is about Freda, Lucy and Sam.

In the middle of the night a white and brown puppy was born. A girl called Lucy stroked the puppy gently and whispered "I will call you Freda", but her parents said "We can't keep her we have too many pets". So one day Lucy put Freda in a box. She kept her eye on her hoping that nobody would see her. Then a soldier walked past he looked at Freda and said "What's your puppy's name?" Lucy said "Freda". Then she said "What is your name?" "Sam", said the soldier. The soldier Sam said to Lucy, "I will take her to the Battlefield". He promised Lucy that he would bring Freda back. Sam's first week at the battlefield wasn't what he had imagined. Then the second week it was worse, but he knew he had to be brave for Freda. Then Christmas came, and Sam wrote a lot of letters to his Mum. Then he sent a photo of Freda to his Mum. Every day was bad. Sam lost more friends and he felt like he wanted to cry, but he didn't, until one day everything was quiet because the chiefs had decided to stop the war. Then Sam and Freda went home. When they got there out came a lady. Lucy was not a girl anymore. One day Sam visited Lucy and they got married. Then one night a fresh, new baby was born. They named her Freda.

Kahikatea Camp – Term 3

This year is a camp year for our Kahikatea Team and we will be going to Forest Lakes, near Otaki for 3 days. We will be attending camp from **Wednesday 27th of September to Friday the 29th of September** so save these dates please.

We are in the process of sorting the finer details and will get back to you with these soon. In the meantime, if you would like to start paying the cost of the camp off through an automatic payment system, please see our fantastic Office Managers, Julie & Lisa who will be able to support you with setting this up.

We will be doing some fundraising towards camp which will help lower the costs - watch this space!

Impetigo (School Sores)

What is it?

Impetigo is a skin infection caused by the Streptococcal or Staphylococcal types of bacteria. The bacteria often live on the skin or in the throat or nose without causing a problem, but sometimes they cause infection when they enter a cut, scratch or insect bite.

It is common to find impetigo in places where there is close person-to-person contact such as childcare centres and schools.

Sores appear 4-10 days after you have been infected. The infection starts with small spots which spread and turn into red and inflamed blisters. The blisters then burst, leaving wet, weeping skin. The fluid dries leaving a yellowish crust. The sores are often itchy.

The infection is unpleasant but is not long lasting when antibiotic treatment is given. Untreated infections can cause more serious illnesses and serious skin infections (cellulitis) but these are rare.

Impetigo may be treated with antibiotics taken by mouth or by applying antibiotic ointment to the affected areas. **For diagnosis, treatment and advice you will need to see your doctor.**

If your child is infected **keep them at home from school or childcare** until they have had 24 hours of treatment and their sores are no longer weeping. When they return they should cover the sore with gauze until the sores are dry.
